Notes: Please note that the proposed agenda is tentative, and activities may subject to change without prior notice. Please refer to the latest version of the agenda.

Version 20241126

The WFO APAC Summit

- The Offshore Wind Industry in the Asia Pacific region has experienced significant growth driven by energy transition policies, international market trends, and economic competitiveness. This expansion has captured the attention of both international and regional/local stakeholders, presenting a landscape filled with opportunities and challenges.

Discussions, Presentations & Networking

- The 3rd edition of the WFO Asia Pacific Summit will be held in Tokyo again following the resounding success of previous editions in Taiwan in 2023 and Japan in 2024. Building on this success, the Summit serves as a premier platform for industry leaders, experts, and stakeholders to convene, exchange insights, and address critical topics shaping the development of the offshore wind industry in the Asia Pacific Region.
- During the Summit, participants will have the opportunity to delve into key topics such as market-specific opportunities, technological advancements, regulatory frameworks, financing strategies, and sustainability considerations. Through interactive sessions, panel discussions, and networking opportunities, attendees will gain valuable insights and forge meaningful connections to drive further progress in the offshore wind sector.

WFO APAC Summit 2024

- ✓ 150 participants
- ✓ 40 speakers
- ✓ Networking opportunities
- ✓ 5 Panels, 3 Keynotes and 7 presentations
